The Almost Legendary Morris Sisters

HarperCollins

A classic adventure book in the spirit of *The Treasure of the Sierra Madre* and *Heart of Darkness*.

Almost Too Late Random House

From the author of the award-winning blog *Snarky Mommy* comes a book that will make every woman who has ever been pregnant pee with laughter (not that that's hard). Wearing her highest heels and hottest pregnancy jeans, Amy Sprenger marches into her doctor's office, beverage in hand, ready to finally see whether her baby is a boy or a girl. Sure, sure, this appointment is supposed to be about checking the health of the baby, but everyone who's ever been there knows it's really about looking for what lays, or doesn't lay, between the legs. So when the doctor tells her she has an incompetent cervix, Amy becomes immediately offended on behalf of her reproductive organs. Is that just a

politically correct way of saying her cervix sucks? Unfortunately, as she's soon to learn, it's a lot more than that. The only way to keep that baby from falling out on the sidewalk (probably in front of Starbucks) is for her doctor to stitch her cervix closed and for Amy to stay in bed for the next four months. Four months that are carefully detailed in this "memoir." A memoir that, while basically true, has been embellished with Amy's signature brand of humor and hilarity. With more time off than a castoff contestant on "The Bachelor," Amy takes pen to paper and settles in for the ride. But instead of sitting around eating bonbons, she's popping hypertension drugs to stave off preterm labor. And complications? Oh, she's got your complications. She's gut-rehabbing her house. Her mother moves in to care for her. Her husband takes a "mancation" while she's stuck in the hospital. And every time she has a contraction, she's convinced it's The Big One. Living by the adage that laughter is the

best medicine, Amy fumbles her way through a series of sometimes serious and usually embarrassing situations. And just to be clear, using a bedpan qualifies as both serious and embarrassing. "Amy Sprenger's foray into factual fiction is a hilarious (and sometimes poignant) look at high-risk pregnancy from her view at the end of the bed. Sprenger offers a fresh and funny voice that readers will love!" -- New York Times bestselling author Jen Lancaster

Carolrhoda Books
The words of four teenagers record their dealings with drugs, homosexuality, and peer pressure and the lure of cult experiences and suicide

The Lost City of the Monkey God Ballantine Books

In this remarkable tale of hope and survival, Hannah Luce tells how, as the sole survivor of a terrible plane crash, she came to grips with her faith: "a calamitous, fascinating memoir, written with surprising spiritual sophistication" (Publishers Weekly,

starred review). On May 11, 2012, a small plane carrying five young adults, en route to a Christian youth rally, crashed in a Kansas field, skidding 200 yards before hitting a tree and bursting into flames. Only two survived the crash: ex-marine Austin Anderson, who would die the next morning from extensive burns, and his friend Hannah Luce, the daughter of Teen Mania founder and influential youth minister Ron Luce. This is Hannah's story. In *Fields of Grace*, Hannah details the investigation of her faith, her coming-of-age as the dutiful daughter of Evangelical royalty, her decision to join her father's ministry outreach to teens, and her miraculous survival and recovery following the accident. It also serves as a tribute and testament to the lives of the dear friends who perished in the catastrophic plane crash and reveals how their memory continues to inspire all that she does. Here is the "riveting personal account" (Booklist) of a girl who grew up as the daughter of one of the most influential evangelical leaders of our time, who questioned her early

religious convictions somewhere along the way and who, from the embers of that doomed plane ride, finally found her faith.

Deanna Zondervan
 NEW YORK TIMES
 BESTSELLER • From the bestselling author of *Before We Were Yours* comes a dramatic historical novel of three young women searching for family amid the destruction of the post-Civil War South, and of a modern-day teacher who learns of their story and its vital connection to her students' lives. "An absorbing historical . . . enthralling."—Library Journal
 Bestselling author Lisa Wingate brings to life startling stories from actual "Lost Friends" advertisements that appeared in Southern newspapers after the Civil War, as newly freed slaves desperately searched for loved ones who had been sold away.
 Louisiana, 1875: In the tumultuous era of Reconstruction, three young women set off as unwilling companions on a perilous quest: Hannie, a freed slave; Lavinia, the pampered heir to a now destitute plantation; and Juneau Jane, Lavinia's Creole half sister. Each carries private wounds

and powerful secrets as they head for Texas, following roads rife with vigilantes and soldiers still fighting a war lost a decade before. For Lavinia and Juneau Jane, the journey is one of stolen inheritance and financial desperation, but for Hannie, torn from her mother and siblings before slavery's end, the pilgrimage west reignites an agonizing question: Could her long-lost family still be out there? Beyond the swamps lie the limitless frontiers of Texas and, improbably, hope.
 Louisiana, 1987: For first-year teacher Benedetta Silva, a subsidized job at a poor rural school seems like the ticket to canceling her hefty student debt—until she lands in a tiny, out-of-step Mississippi River town. Augustine, Louisiana, is suspicious of new ideas and new people, and Benny can scarcely comprehend the lives of her poverty-stricken students. But amid the gnarled live oaks and run-down plantation homes lie the century-old history of three young women, a long-ago journey, and a hidden book that could change everything.

The Gentleman's Magazine Trafford Publishing

"A dog is rescued after days afloat on a sheet of ice in the Baltic Sea (based on a true story)"--
Almost Lost Arts Skyhorse Publishing Inc.

A reconfigured comedy in the trickster tradition features the adventures of "Almost" Browne as he takes American popular culture to task for its misrepresentation of Native American reality
Almost Gone Bantam
This is a true story of this man. It is full of adventures and unusual encounters that are highly interesting to read.

Futures Tyndale House Publishers, Inc.
A hundred years in the future, humans have finally cracked the secrets of time travel. By manipulating the energy in the Higgs Quantum Electromagnetic Field with their minds, individuals can travel freely throughout both space and time—but not without a price. Time travelers are disappearing in the past, never to be heard from again—and no one knows why. Others are returning from the past and claiming to be from another future, another universe. They are declared insane and locked away in mental asylums. Determined to uncover the truth, two

officers from the time travel police force risk everything to get the answers they need. They break all the rules and find themselves in a different future. There, they discover a horrible truth. To make matters worse, three super villains from a distant future have fled to our time in a desperate bid to hide from their own government. A history professor has dabbled with the Higgs Field to help an ancestor in the past, and his efforts have gone horribly wrong. The two time officers must now set things right before it is too late, but they face impossible odds as each action complicates the next, and the past may not be what it once was. With so many agendas and so many histories at stake, can the officers unravel the mysteries and stop the criminals before time itself is compromised?
A Professor and Ceo True Story Penguin
Who in his right mind wants to talk to a shrink? I don't want to talk about anything. I don't want to feel anything, taste anything ... or anything. The lyrics "just dying to die" run around in my brain day and night...
Fifteen-year-old Sam is in

pain. He comes to the therapist's office unwillingly, angry, depressed, and filled with guilt over his own self-destructive behavior. He is being drawn deeper and deeper into a black hole of despair from which he sees no way out. The Road Back This is the Real-life story of Sam's Recovery, told from tapes of his therapy sessions. It tells what drove him to leave home, how he survived on the street, and why he was desperate to escape from the brutality of the gang that had become his "family" and from the torment of his own self-loathing. For every teen who has experienced the pain and loneliness of a no-way-out darkness, and for all those who love them, here is the light that can lead the way back.

Rescuing the Declaration of Independence Simon & Schuster/Paula Wiseman Books

The harrowing true story of a high-school senior, her parents, her secret online relationship with a handsome, manipulative stranger, and her well-laid plan to leave home and country to marry a man in Kosovo she thought she loved. The Baldwins were a strong, tight-knit family

living in Texas. When their seventeen-year-old daughter, Mackenzie, met Aadam in an online chat room, she fell for his good looks, his charm, and his respectful conversation. He lived in Kosovo, and they began talking regularly. The more attached Mackenzie became to Aadam, the more detached she became from her family. Mackenzie's parents, John and Stephanie Baldwin, had no clue there was a man behind their daughter's sudden change in personality, her surprising interest in Islam, and her withdrawal from friends and family. When Mackenzie's attachment to Aadam increased and they became "engaged," Mackenzie started making plans to fly secretly to Kosovo and marry Aadam. But twenty-five days before Mackenzie was scheduled to leave the country, three friends in whom Mackenzie had confided told Mackenzie's father. Through the help of their pastor, John Baldwin contacted the FBI and asked for help. The FBI did not believe Aadam was involved with ISIS or that he was trying to radicalize her, but they were concerned about Aadam's intentions, as

that part of Kosovo was known for sex-trafficking and money scams. With just 72 hours left before Mackenzie's planned departure, three FBI agents confronted her and urged her to stay. Told from the viewpoint of both father and daughter, *Almost Gone* allows us to walk with this family through Mackenzie's network of lies and deceit and John and Stephanie's escalating bewilderment and alarm. More than a cautionary tale, this is the story of unconditional parental love and unwavering faith, and how God helped a family save their daughter from a relationship that jeopardized not only her happiness, but also her safety.

Voices Harper Collins
This book is about an international healthcare executive who had everything and lost it all from building stress to a horrific accident that fractured his skull. With 5.3 million Traumatic Brain Injuries and unknown to many in the medical community, lead to an autoimmune attack on the brain. This story is about starting in traditional healthcare and discovering a new emerging science called Functional Medicine, with

a passion to change lives. How I ended up speaking and educating to doctors all over the world, yet not being able to save myself. Not only learning new science in Functional Medicine, but that health is mind, body and spirit. How I broke and lost my family, dream home and going from first class travel all over the world, to crawling on motel floors staring at roaches to even a stint in jail. How I discovered I had developed an autoimmune condition, where my immune system was attacking my brain. The road back and finding answers to brain, injuries, autoimmune disease, blood sugar disorders and why 6 in 10 people now have chronic disease conditions. With new science and answers to the standard of care. It's also beautiful love story and discovering health is also beyond the billions of toxins we are now faced with each day. Our health can be greatly altered by having our lifestyle, spirituality, marriages and careers in disarray and not only the mental but physical toll it takes on our bodies. How I experienced them all and came back a stronger better healthier human. How I met my new wife

whose husband passed away from the same accident I had in the same week, month and year and why I lived and possibly to share my own life story and a new advanced degree in healthcare of understanding the meaning and answers to health. Red till Your Dead is because Red symbolizes the areas that greatly affect our lives. 5.3 million with brain injuries(blood), 80 million prediabetic, 25 million diabetic (blood sugar), autoimmune/immune (Tainted blood), 50% of people will go through divorce (heartbreak), 70% of people are dissatisfied with their jobs (lost the heart for work), 19 million suffer from addiction (Red Wine-alcohol, drug), The Blood of Christ and proof of God's existence. It also touches on the current Coronavirus and our legal system with 2.2. million people with Coronavirus and 122,000 deaths and 2.4 million incarcerated with 124,000 innocent. Scary similarities - Findings and answers to our healthcare and legal system. This is a 2-part book of an amazing true story and ending as a self-help book with chapters having answers from science, studies and

personal experience on all the areas that effect our health and happiness today.

The Secret Science Project That Almost

Ate the School Vintage The book tells the story of a pup found in a sports field and then adopted to become part of a family of three dogs. It is Leo himself that tells the story of how he developed and the problems he came up against in his pack. In telling his story, Leo explains how bad behavior and habits are easily learned and how he did not always understand why they were not accepted. The story then takes on a new turn as Leo then recounts how he came to be included in the pack of a world-famous dog trainer and behaviorist known as the Dog Whisperer. From that moment onward, his life changed and his behavior began to be more acceptable. He also found his true vocation in life running, jumping, and playing ball. A game that he excelled and made him a star of posters and photographs all over the world. Leo explains throughout in simple terms how poor behavior is developed in dogs and gives his thoughts on how good behavior can be

encouraged and taught in a way that dogs understand. Leo tells his story from his viewpoint to help dog owners and potential owners, and especially children/young people, how dogs think and learn.

Sickened Grand Central Publishing

This is the story of M. Francisco Fabrigas, explorer, philosopher, heretical physicist, who took a shipful of children on a frightening voyage to the next dimension, assisted by a teenaged Captain, a brave deaf boy, a cunning blind girl, and a sultry botanist, all the while pursued by the Pope of the universe and a well-dressed mesmerist. Dark plots, demonic cults, murderous jungles, quantum mayhem, the birth of creation, the death of time, and a creature called the Sweetie: all this and more waits beyond the veil of reality.

Lost Boy Thomas Nelson A Washington Post best nonfiction book pick of 2021 "It is biography as an expression of love." - The New York Times New York Times-bestselling author Julie Klam's funny and moving story of the Morris sisters, distant relations with mysterious pasts. Ever since she was

young, Julie Klam has been fascinated by the Morris sisters, cousins of her grandmother. According to family lore, early in the twentieth century the sisters' parents decided to move the family from Eastern Europe to Los Angeles so their father could become a movie director. On the way, their pregnant mother went into labor in St. Louis, where the baby was born and where their mother died. The father left the children in an orphanage and promised to send for them when he settled in California—a promise he never kept. One of the Morris sisters later became a successful Wall Street trader and advised Franklin Roosevelt. The sisters lived together in New York City, none of them married or had children, and one even had an affair with J. P. Morgan. The stories of these independent women intrigued Klam, but as she delved into them to learn more, she realized that the tales were almost completely untrue. *The Almost Legendary Morris Sisters* is the revealing account of what Klam discovered about her family—and herself—as she dug into the past. The deeper she went into the

lives of the Morris sisters, the slipperier their stories became. And the more questions she had about what actually happened to them, the more her opinion of them evolved. Part memoir and part confessional, and told with the wit and honesty that are hallmarks of Klam's books, *The Almost Legendary Morris Sisters* is the fascinating and funny true story of one writer's journey into her family's past, the truths she brings to light, and what she learns about herself along the way. *Arthur's Home Magazine* Simon and Schuster In a true story of faith, forgiveness, and love, a woman spent decades searching for news of the infant daughter she gave up for adoption in 1928, until nearly eighty years later, mother and daughter were reunited. **It Happened to Nancy** Edel Germany GmbH Students, heed this little rhyme: When it's science project time, Do not make goop, or glop, or grime, And never mess with mutant slime. *Little Dog Lost* Penguin Death is not the end. I believe most people will be cherished and remembered for how they lived their lives and for the impressions they left

behind; Deanna, no doubt, had many. She had a profound impact on people—family, friends, even strangers. Her love for her daughter, Elle, was immeasurable; her energy, limitless; her generosity, unstinting; and her work ethic, intense and competitive. But as hard as she tried, as amazing and beautiful as she was, she couldn't conquer the demons deep within her. I am thankful for all my memories. They make it possible to transform, to some extent, my deep sadness into moments of joy and even laughter. Elle, I hope that with these words you will discover some of the complexities of your mother's distinctive and remarkable life. This book is for you. [The Waiting](#) Penguin The book delivers a captivating journey shown through art and storytelling on ancient black queens who were almost forgotten or unrecognized in history. It features breathtaking, ready-to-hang, original art depicting beautiful black queens who ruled in Africa, Europe, America, and the Middle East. Powerfully written, it describes the opulent, mysterious, intriguing lives of several black

queens broken down into four chapters. Each chapter is a spellbinding story in itself and a thought-provoking insight into their lives. The stories are about an ancient family of diabolical, beautiful black queens; a shy black European princess who married an insane king; a black queen who ruled a magical kingdom in America; and a fierce, beautiful African queen who had a harem of over sixty-eight men collected from around the world. This is a must-have as a great reading experience, art collection, or collectible.

Wanderlust: New Adventures in the Northern Sea Blake Pierce NAMED A NEW YORK TIMES NOTABLE BOOK OF 2017 #1 New York Times and #1 Wall Street Journal bestseller! A five-hundred-year-old legend. An ancient curse. A stunning medical mystery. And a pioneering journey into the unknown heart of the world's densest jungle. Since the days of

conquistador Hernán Cortés, rumors have circulated about a lost city of immense wealth hidden somewhere in the Honduran interior, called the White City or the Lost City of the Monkey God. Indigenous tribes speak of ancestors who fled there to escape the Spanish invaders, and they warn that anyone who enters this sacred city will fall ill and die. In 1940, swashbuckling journalist Theodore Morde returned from the rainforest with hundreds of artifacts and an electrifying story of having found the Lost City of the Monkey God-but then committed suicide without revealing its location. Three quarters of a century later, bestselling author Doug Preston joined a team of scientists on a groundbreaking new quest. In 2012 he climbed aboard a rickety, single-engine plane carrying the machine that would change everything: lidar, a highly advanced, classified technology that

could map the terrain under the densest rainforest canopy. In an unexplored valley ringed by steep mountains, that flight revealed the unmistakable image of a sprawling metropolis, tantalizing evidence of not just an undiscovered city but an enigmatic, lost civilization. Venturing into this raw, treacherous, but breathtakingly beautiful wilderness to confirm the discovery, Preston and the team battled torrential rains, quickmud, disease-carrying insects, jaguars, and deadly snakes. But it wasn't until they returned that tragedy struck: Preston and others found they had contracted in the ruins a horrifying, sometimes lethal-and incurable-disease. Suspenseful and shocking, filled with colorful history, hair-raising adventure, and dramatic twists of fortune, **THE LOST CITY OF THE MONKEY GOD** is the absolutely true, eyewitness account of one of the great discoveries of the twenty-first century.
