ELENA HILLARY

BoneMan's Daughters Thomas Nelson

In this gripping, high-octane sequel to *The Line Between*, which New York Times bestselling author Alex Kava calls “everything you want in a thriller,” cult escapee Wynter Roth and ex-soldier Chase Miller emerge from their bunker to find a country ravaged by disease. Six months after vanishing into an underground silo with sixty-one others, Wynter and Chase emerge to an altered world. There is no sign of Noah and the rest of the group that was supposed to greet them when they surfaced—the same people Wynter was counting on to help her locate the antibiotics her gravely ill friend, Julie, needs. As the clock ticks down on Julie’s life, Wynter and Chase embark on a desperate search for medicine and answers. But what they find is not a nation on the cusp of recovery but one decimated by disease. What happened while they were underground? With food and water in limited supply and their own survival in question, Chase and Wynter must venture further and further from the silo. They come face-to-face with a radically changed society, where communities scramble to survive under rogue leaders and cities are war zones. As hope fades by the hour and Wynter learns the terrible truth of the last six months, she is called upon again to help save a nation she no longer recognizes—a place so chaotic she’s no longer sure it can even survive. With Tosca Lee’s signature “beautifully written and deeply unnerving” (Jonathan Maberry, New York Times bestselling author) prose, *A Single Light* is a breathless thriller of nonstop suspense.

Chained To Yesterday When tragedy struck and Gracie Lang lost everything, her faith crumbled, and nothing but the drive for justice propelled her forward. But after two years of dead-end searching, the truth Gracie seeks is the very thing her stalker will stop at nothing to hide. *Forgiveness Unlocks the Future* An FBI agent in the Crimes Against Children Unit, Steven Kessler spends

his days rescuing other people’s children and nights caring for his son. He’s through with God, embittered by his ex-wife who abandoned them both, and definitely doesn’t expect what’s coming next. *The Past Is the Key* A plot to kidnap a British ambassador’s daughter dangerously intersects Steven and Gracie’s worlds—a collision that demands a decision. But are they willing to pay the high ransom required to redeem dreams and reignite hope?

Mortal Tyndale House Publishers, Inc.

In this frighteningly believable thriller from New York Times bestselling author and master storyteller Tosca Lee, an extinct disease re-emerges from the melting Alaskan permafrost and causes madness in its victims. For recent apocalyptic cult escapee Wynter Roth, it’s the end she’d always been told was coming. When Wynter Roth finally escapes from New Earth, a self-contained doomsday cult on the American prairie, she emerges into a world poised on the brink of madness as a mysterious outbreak of rapid early onset dementia spreads across the nation. As Wynter struggles to start over in a world she’s been taught to regard as evil, she finds herself face-to-face with the apocalypse she’s feared all her life—until the night her sister shows up at her doorstep with a set of medical samples. That night, Wynter learns there’s something far more sinister at play: that the prophet they once idolized has been toying with the fate of mankind, and that these samples are key to understanding the disease. Now, as the power grid fails and the nation descends into chaos, Wynter must find a way to get the samples to a lab in Colorado. Uncertain who to trust, she takes up with former military man Chase Miller, who has his own reasons for wanting to get close to the samples in her possession, and to Wynter, herself. Filled with action, conspiracy, romance, and questions of whom—and what—to believe, *The Line Between* is a high-octane story of survival and love in a world on the brink of madness, from “the queen of psychological twists” (New York Times bestselling author Steena Holmes).

The Red Church Simon and Schuster

New York Times bestselling author Ted Dekker teams with Tosca Lee to create this gripping thriller set in a desolate future. Many years have passed since civilization's brush with apocalypse. The world's greatest threats have all been silenced. There is no anger, no hatred, no war. There is only perfect peace... and fear. But a terrible secret has been closely guarded for centuries: Every

single soul walking the earth, though in appearance totally normal, is actually dead, long ago genetically stripped of true humanity. Fleeing pursuit, with only moments to live, a young man named Rom stumbles into possession of a vial of blood and a piece of cryptic writing. When consumed, the blood will bring him back to life. When decoded, the message will lead him on a perilous journey that will require him to abandon everything he has ever known and awaken humanity to the transforming power of true life and love. But the blood will also resurrect hatred, ambition, and greed. Set in a terrifying, medieval future, where grim pageantry masks death, this tale of dark desires and staggering stakes peels back the layers of the heart for all who dare to take the ride.

In this sweeping and dramatic narrative, Alex Ross, music critic for *The New Yorker*, weaves together the histories of the twentieth century and its music, from Vienna before the First World War to Paris in the twenties; from Hitler's Germany and Stalin's Russia to downtown New York in the sixties and seventies up to the present. Taking readers into the labyrinth of modern style, Ross draws revelatory connections between the century's most influential composers and the wider culture. *The Rest Is Noise* is an astonishing history of the twentieth century as told through its music.

Ransomed Dreams Farrar, Straus and Giroux

A cranky, atheistic philosophy professor loves to shred the faith of incoming freshmen. He is chosen by a group of scientists to create a philosophy for a computer-generated world exactly like ours. Much to his frustration every model he introduces—from Darwinism, to Existentialism, to Relativism, to Buddhism—fails. The only way to preserve the computer world is to introduce laws from outside their system through a Law Giver. Of course this goes against everything he's ever believed, and he hates it. But even that doesn't completely work because the citizens of that

world become legalists and completely miss the spirit behind the Law. The only way to save them is to create a computer character like himself to personally live and explain it. He does. So now there are two of him—the one in our world and the one in the computer world. Unfortunately a rival has introduced a virus into the computer world. Things grow worse until our computer-world professor sees the only way to save his world is to personally absorb the virus and the penalty for breaking the Law. Of course, it's clear to all, including our real-world professor, that this act of selfless love has become a reenactment of the Gospel. It is the only possible choice to save their computer world and, as he finally understands, our own.

Firstborn Multnomah

The Styles family is about to be sucked into a whirlwind. Reverend Edwin Styles is a good man, but he is totally unprepared for the spiritual warfare that is about to overwhelm him and his family. He doesn't believe in demons or warlocks, and he only theoretically believes in angels. But his ignorance of spiritual warfare won't shield him from being chosen by God for a mission so critical that the angel who commanded the forces at The Battle of the Resurrection of Jesus Christ, the angel known as The Sword of the Lord, has been assigned to help him. And Edwin will need all the help this famed warrior angel has to offer. For the kingdom of darkness has assigned the Mighty Bashnar, one of its most ruthless demons and cunning military strategists, to thwart God's plan and to destroy this man of God. He will soon learn from painful experience why this cruel warrior spirit was granted the title, Mighty.

Z: A Novel of Zelda Fitzgerald Ember

They call him BoneMan, a serial killer who's abducted six young

women. He's the perfect father looking for the perfect daughter, and when his victims fail to meet his lofty expectations, he kills them by breaking their bones and leaving them to die.

Intelligence officer Ryan Evans, on the other hand, has lost all hope of ever being the perfect father. His daughter and wife have written him out of their lives. Everything changes when BoneMan takes Ryan's estranged daughter, Bethany, as his seventh victim. Ryan goes after BoneMan on his own. But the FBI sees it differently. New evidence points to the suspicion that Ryan is BoneMan. Now the hunter is the hunted, and in the end, only one father will stand.

Afterlife Howard Books

Two abandoned souls are on the hunt for one powerful man. Soon, their paths will cross and lead to one twisted fate. Danny Hansen is a Bosnian immigrant who came to America with hopes of escaping haunted memories of a tragic war that took his other's life. Now he's a priest incensed by the powerful among us who manipulate the law for their own gain, uncaring of the shattered lives they leave behind. It is his duty to show them the error of their ways, even if he must put them in the grave. Renee Gilmore is the frail and helpless victim of one such powerful man. Having escaped his clutches, she now lives only to satisfy justice by destroying him, regardless of whom she must become in that pursuit. But when Danny and Renee's paths become inexorably entangled things go very, very badly and neither of them may make it out of this hunt alive. !--EndFragment--

The Line Between Simon and Schuster

No sooner has Darth Vader's funeral pyre burned to ashes on Endor than the Alliance intercepts a call for help from a far-flung Imperial outpost. Bakura is on the edge of known space and the

first to meet the Ssi-ruuk, cold-blooded reptilian invaders who, once allied with the now dead Emperor, are approaching Imperial space with only one goal; total domination. Princess Leia sees the mission as an opportunity to achieve a diplomatic victory for the Alliance. But it assumes even greater importance when a vision of Obi-Wan Kenobi appears to Luke Skywalker with the message that he must go to Bakura-or risk losing everything the Rebels have fought so desperately to achieve.

The King FaithWords

"In *Empire Beneath the Ice*, author Stephen Quayle reveals why most of what you learned about World War II and the defeat of Nazi Germany is wrong. You'll discover: Why the suppressed evidence proves Adolf Hitler didn't die before Germany surrendered during WWII, and how he eluded capture. How Nazi SS members, scientists, and soldiers escaped with Hitler to create colonies in other parts of the world to continue their monstrous research. Why in 1947 Admiral Richard E. Byrd warned that the US should adopt measures to protect against an invasion by hi-tech aircraft coming from the polar regions, adding, "The time has ended when we were able to take refuge in our isolation and rely on the certainty that the distances, the oceans, and the poles were a guarantee of safety." How, using advanced technology, Nazi saucers defeated the US military - long after WWII was supposedly over. Why the US space program was mostly a sham, and why the "UFOs" that started appearing around the world in the late 1940s were (and still are) most likely flown by Nazi pilots. How key government, manufacturing, pharmaceutical, financial leaders, and institutions helped Hitler come into power, and facilitated the preservation of Nazi wealth and power after WWII. Why today's world is secretly controlled by a malevolent shadow government and entire populations are being surreptitiously

brainwashed. How ancient stargates have been duplicated to open portals into spiritual and demonic universes. Why those controlling our planet have laid the groundwork for a takeover by a dictator who could best be described as the Antichrist of the Bible. *Empire Beneath the Ice* exposes the dangers our world faces, and will arm you with the tools you need to counter these unspeakable, secret evils." --Publisher description.

Bones Of Fire Center Street

FBI Special agent Brad Raines is facing his toughest case yet. A Denver serial killer has killed four beautiful young women, leaving a bridal veil at each crime scene, and he's picking up his pace. Unable to crack the case, Raines appeals for help from a most unusual source: residents of the Center for Wellness and Intelligence, a private psychiatric institution for mentally ill individuals whose are extraordinarily gifted. It's there that he meets Paradise, a young woman who witnessed her father murder her family and barely escaped his hand. Diagnosed with schizophrenia, Paradise may also have an extrasensory gift: the ability to experience the final moments of a person's life when she touches the dead body. In a desperate attempt to find the killer, Raines enlists Paradise's help. In an effort to win her trust, he befriends this strange young woman and begins to see in her qualities that most 'sane people' sorely lack. Gradually, he starts to question whether sanity resides outside the hospital walls...or inside. As the Bride Collector picks up the pace-and volume-of his gruesome crucifixions, the case becomes even more personal to Raines when his friend and colleague, a beautiful young forensic psychologist, becomes the Bride Collector's next target. The FBI believes that the killer plans to murder seven women. Can Paradise help before it's too late?
