accordance with the  
terms of such  
license.Acrobat 8  
Digital Signature User  
GuideDigital signature  
user Guide, uses and  
Type. What is Digital

signature? Digital  
signature is an  
electronic signature  
same as hand written  
signature. It's contains  
the data of issuer of  
digital signature  
authority and person  
data with public and  
private key. Digital  
signature store in USB  
token and use with  
USB token only.Digital  
signature user Guide,  
uses and Type -  
signyourdocDigital  
signatures are created  
using two separate  
keys - one is private,  
and the other is public.  
The private key is used  
by the signatory to  
sign the document,  
which is ... User Manual  
Open the PDF  
document and click on  
the empty box

designated for your signature. DIGITAL SIGNATURE MANUAL Digital signature box takes some place, so perhaps you will need to edit the form in admin area a bit, shifting the elements and buttons under the signature down. User will fill in the form, and then write the signature using his/her mouse. Clear button allows clearing up the area for signature. Digital Signature User Guide - ITORIS Digital Signature User Guide for Adobe® Acrobat 9.0 and Adobe® Reader 9.0 on Windows® and Macintosh®. If this guide is distributed with software that includes an end user agreement, this guide, as well as the software described in it, is furnished under license

and may be used or copied only in accordance with the terms of such license. November 17, 2008 The Signatures panel displays information about each digital signature in the current document and the change history of the document since the first digital signature. Each digital signature has an icon identifying its verification status. Verification details are listed beneath each signature and can be viewed by expanding the signature. Validating digital signatures, Adobe Acrobat The private key adds the digital signature, and the certificate that you share with people who use it to validate your signature. All users on the VA network, whether Federal

employees or contractors, must have a PIV card, which contains a Digital Signature Key (DSK) to enable digital signatures and for encryption of e-mail.
